Recently completed a Foundation Degree with Commendation in Media Design for Publishing with Sunderland University while self-employed developing a growing selection of affiliate mini sites, along with printing and selling T-shirts online.

**Education** Foundation Degree in Media Design Publishing, 2008 - 2011.  
Sunderland University, South Tyneside College campus.

**Employment** Self-employed, 2005 - present. Printing and selling T-shirts, providing web sites for local small businesses and also running a number of affiliate mini sites.

**Software Skills** Good understanding of Adobe CS4: Illustrator, Photoshop, Dreamweaver, Flash with AS3, InDesign and basic HTML, CSS, SEO.

**Additional** Redundancy in 2004 gave me the opportunity to become self employed offering vinyl signage for vans and shop fronts. I soon moved onto printing and selling T-shirts online while teaching myself HTML and CSS. After developing a selection of web sites for local small businesses I began experimenting with affiliate mini sites and learning basic SEO. In 2008 I began my formal design training by enrolling on a Foundation Degree in Media Design Publishing with Sunderland Uni.
